TO: Board of Directors of T.I.T.L.
FROM: William L. Steele
SUBJECT: Report for May 1976

STAFF

No changes.

FACILITIES

Replacement of a pipe fitting to the Griffith still marred what would have been a repair free month.

ACTIVITIES

Brands from two locations were slow to arrive and delayed real progress in sampling. Cigarette selection is now in full swing, however, and we expect to start testing in the latter half of June. The FTC will probably progress at about the same rate.

The prototype CO machine is finished and awaits some quality tests by Phipps & Bird before shipment. FTC has no delivery date yet, but delivery in June seems likely.
